

How to Create a DataSpan Webstore Account

1) Select **CREATE ACCOUNT** option from the Home page.

2) Enter **Security Question** Answer as Displayed, and then select the **Answer** button.

- 3) Fill in the form as presented. Note that fields marked with an * are required fields. Select the **Same as Billing** checkbox to set the Shipping Address equal to the Billing Address. When you have filled in all the required fields select the **Create Account** button at the bottom of the form.
